

Liveable cities and towns

The future of travel in a net-zero world

Daisy Narayanan, Director of Urbanism
Sustrans
November 2020

**A society where the way we travel creates
healthier places and happier lives for everyone**

Our vision

THE CITY OF TOMORROW, DECADES AND DECADES FROM NOW.

ADVANCED, HIGH-SPEED MASS TRANSIT

VEHICLES ROUTED AROUND
PEDESTRIANS AND EACH OTHER

SIGNIFICANT POPULATION OF
FULLY AUTONOMOUS VEHICLES.

PARKING CUT TO ALLOW RE-USE

IMPROVED WALKABILITY

Liveable cities and towns for everyone

1

Has social connection at its heart

Has most of what you need just a short walk away

2

3

Has roots and celebrates its unique character

Is easy for everyone to move around healthily in

4

5

Has clean air and green space for all to live and play in

Our vision for change

Create places that connect us to each other and what we need, where everyone can thrive without having to use a car.

**ROAD
CLOSED**

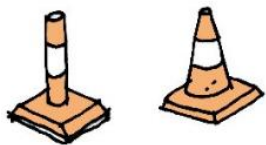

ROAD CLOSED
Except pedestrians
and cyclists

Be safe - keep your distance

TIMELINE

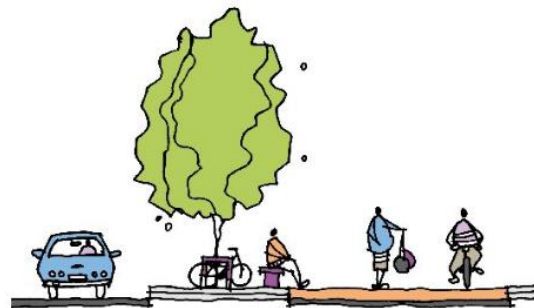

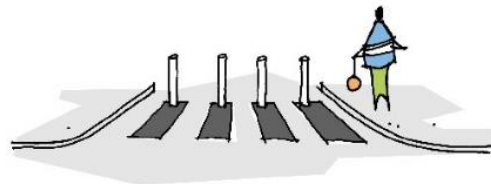

0-6 Months

6-18 Months

18+ Months

Union Street, Dundee

A wide, tree-lined street with a dedicated cycle lane. On the left, a red fire engine is parked. A person is cycling in the lane, and a person is walking on the sidewalk. The street is flanked by large trees and greenery.

Kelvin Way

Transport inequalities

Places are designed around cars, not people.

The way we travel, or are forced to travel, disproportionately affects the poorest and most vulnerable.

© Bob Mazzer

Challenges

- **Inclusivity** - is it possible with 'digital-first' engagement?
- **Trust** – how do we develop two-way relationships that empower communities?
- **Uncertainty** – how do we design processes that can quickly be adapted based on the latest public health guidance?
- **Partnerships** – are local groups and stakeholders still able to help us reach new audiences?
- **Resources** – doing this well takes time and commitment, who will fund it?
- **Online civility** – how do we make these spaces safe for public dialogue?

Sustrans is the charity making it easier for people to walk and cycle.

We connect people and places, create liveable neighbourhoods, transform the school run and deliver a happier, healthier commute.

Join us on our journey.
